

# RENO EVENING GAZETTE.

ENO, WASHOE COUNTY, NEVADA.  
MONDAY, OCTOBER 1, 1877.

## A Chance for Us.

Two weeks from to-day our State Fair begins, and the outlook for a large measure of success is flattering to the extreme. Our speed programme is popular upon its merits, and the exceedingly liberal special inducements offered by the society have never been excelled. There are reasons, however, for the support of this society, outside of the mere pleasure and competition created. There are opportunities for inducing good men to settle among us. There are opportunities for studying the prospects of this State, and our own county, which must strengthen our growth, and help us in many ways. We have clearly seen that even the first exhibition of this society had an immediate effect in calling attention to the real value of the land which is found in this valley. Purchasers were secured to us, and good industrious citizens cast their lot with ours. Now there are many indisputable facts which argue a bright future for our little town. These should all be embodied in our exhibit and presented again in your talks with neighbors and friends. To this end union of effort is needed first of all. When you all work towards the same end, great results are possible. See to it that Washoe County's portion of the approaching exhibition shall be worthy of her growth and prosperity.

## Let Us Have a Convention.

It is customary in the Eastern and interior States, to hold a Press Convention once a year. At these conventions, the editors and proprietors of all the journals published in a certain specified section of the country, meet together, compare notes and opinions, and take action generally to improve the tone of their papers. New ideas as to management are proposed and discussed, a social feeling of brotherhood is cultivated among the different editors, and so, while the convention results in great good to the readers of newspapers, it also benefits in many ways the weary writer. We suggest that a convention of this kind be held in Nevada, to which all the editors in the State be invited. It would at all events, be a pleasant, social reunion, and might result in improving our papers very materially. —Gold Hill News.

That is certainly a good idea, for every intelligent comparison of experience aids the thoughtful man in his work. Nevada has not enough of such conventions by any means. We know of no opportunity afforded for young men of any profession to improve their methods by thoughtful discussion, or through direct contracts with their superiors. Speaking for one of these we endorse the above idea, and hope it may engage the attention of our contemporaries. We want to learn something, and believe this a good method.

We warned Roscoe Conkling that it was not safe to temper with political bombshells. He has insulted the President, and the Republican bankers and Merchants of New York, are going to disavow any sympathy with his action. Roscoe this is a progressive time, and you must needs dismount from your hobby and make more speed. We are afraid you do not read your Gazette closely, else this trouble had been spared you.

Speaking of the probability of a suit between Humboldt and Washoe counties over the cost of the Rover trial, the Silver State says: Is it possible that the immaculate officials of Washoe county, the cradle of Reformers and Independents, have taken advantage of the Rover case to prove that they understand very small jobs? Yes exactly, that is their intent and they will defeat the small job in question. A very small one it is too, by the way.

There was the book of revelations, then Mormon revelations, and now Tweed is firmly established in the revelation business. He says he does not believe there was ever an honest election in New York. The old chief is generally cautious, but occasionally a note of pride will escape him.

Not to be hypocritical, or even critical would we desire, but we object to the Russian River Flag advertising "Obiety for all."

Lieutenant Bullis has crossed into Mexico. He has lost a few horse shoes.

WASHINGTON NEWS.—Washington, September 29.—The amount of national bank notes issued during the present month is \$1,326,540, making it necessary to retire, under the law of the United States, notes to the amount of \$1,061,232. Secretary Sherman has determined not to sell gold this month, as has heretofore been done, to meet this liability, but to retire United States notes from the current balance in the treasury, which is ample for that purpose.

It is reported that Assistant Secretary McCormick is to be appointed collector at the port of New York.

The case of ex-Assistant Secretary of the Treasury Frederick A. Sawyer, Frank W. Brooks, Philip D. Reddy and others, on trial charged with conspiracy to defraud the Government out of \$57,613, was given to the jury this afternoon. At midnight the jury was still out.

THE NEZ PERCES INDIAN WAR.—Chicago, September 29.—A telegram from Fort Benton, Montana, says the Nez Perces attacked the rifle pits at Cow Island at sundown on the 23 inst. making seven charges and fighting until 10 o'clock the next morning, when they left, probably for Milk river. On Sunday night they burned the freight pile, containing thirty tons of government freight and twenty tons of private freight. Citizens Weimar and Walker were wounded seriously in the fight. It is believed the hostiles are making their way to the British possessions.

The Sitting Bull commission have arrived at Benton, but owing to the absence of troops necessary for an escort will not leave before the 1st proximo.

Prince Bismarck, lately conversing with Mr. Washburne, is said to have called Thiers the greatest living French statesman, to whom his compatriots, in recognition of his immense and never to be forgotten services, owe the erection of a lasting monument. The same high estimation of M. Thiers was shortly afterward expressed by the emperor, in the audience granted to Mr. Washburne.

New York Tribune: The heartiness and spontaneity of the reception which General Grant has received at Newcastle and other places on the Tyne show how truly it proceeded from the popular heart. While fashionable London received him as an ex-ruler and successful commander, the people of the North have welcomed him as the citizen of a republic where labor is honored and all men are equal before the law.

We are glad to know that Secretary Sherman has at last adopted our pet policy. He will not sell any gold this month.

The Big board of stock sharps will congregate in their new club room in San Francisco to-morrow.

JUMPING AT BODIE.—Last week a little surprise party was tendered to the peaceable inclined citizens of Bodie. A party of roughs took it into their head to jump town lots, and they started in by barricading the town in true Parisian revolutionary style. The jumpers were of the worst type of human nature, but lacked one of the qualification requisite to success—pluck. A merchant of the camp, for the purpose of ascertaining the degree of courage that was concentrated in the jumping party, at about dusk threw a Chinese bomb into their ranks, and the thing exploded with a deafening noise. The jumpers, believing that a howitzer had been discharged into their midst, drew their six shooters, but not a single one fired. The lack of nerve on the part of the jumpers somewhat encouraged the officers of the law, and they made a raid on the lawless crowd, of which thirteen were arrested and taken to Bridgeport and confined in jail. The citizens of Bodie are fully determined that should any further demonstrations of this nature be made in the camp they will resort to measures that may not prove very acceptable to the undesirable and rough element that now congregates there. —Carson Appeal.

The Pope has been writing an autobiography for more than forty years. He is now on the point of bringing it to a close and committing it to one of his secretaries, to be reserved for ten years after his death and then published. That it is not to be printed sooner is particularly enjoined by a codicil to his will. The book will contain correspondence of great interest with Victor Emmanuel, Napoleon III. and Cavour.

Ladies' attention is called to the sweeping reductions Barnett Bros. have made throughout their entire stock of dry and fancy goods, and they will find it to their advantage to give them an early call, as they offer to sell goods at ruinous prices in order to make room for their immense stock of Fall goods to arrive shortly from Eastern and European markets.

The Home Journal says: "Mark Twain will not lecture this season. He says he has reformed forever. Eli Perkins lectured 130 times last winter and travelled 39,000 miles, 10,000 miles more than Theodore Tilton travelled last season. Perkins' last lecture was in Brigham Young's theatre, with Brigham Young and five wives in the box. Nasby, Twain and Perkins are well endowed. Nasby owns the Toledo Blade. Twain owns a \$100,000 residence in Hartford, and Eli Perkins lives in an elegant brownstone house, 463 Fifth Avenue."

LOCAL AFFAIRS.

**ON THE WAR PATH.**—A long-horned hungry-looking Texas steer caused considerable excitement on our streets to-day. A gentleman who tried to turn the beast from its course came near having his horse killed by the angry brute. A friend seeing the man's danger yelled out to him "Hold on, Bill, till I get there." He got there in good time but "got" in another direction with four times the speed. "Texas" then turned toward McFarlin's wagon shop and, seeing a man trying to lead a stubborn mule, concluded to help him by giving the mule "a lift." Acting upon this conclusion he struck the mule lightly with his horns and backed off to witness the result. As the mule took but little notice of him, he then made a desperate lunge at him, striking him with a force which could not be mistaken for play, and the mule, now thoroughly awakened, left the field with all possible haste. "Texas" next turned toward a party of Chinamen and, after chasing them from the field, marched up the railroad track sighing, like Alexander of old, for more worlds to conquer.

**JUSTICE COURT.**—T. M. Hutchinson got drunk Saturday night and raised Cain at his house, as well as on the street. Justice R. sent him up for 22 days.

George Falls appropriated a small amount of property not his own, and will rusticate at the Hotel de Lamb for 30 days.

A Shepler stood before the Judge and meekly confessed to getting gloriously tight Saturday night, disturbing the peace in the meantime, and firing off his pistol. Ten days was set against his name.

**MINSTRELS.**—The New Orleans Minstrel Troupe, under the management of Mr. H. J. Sargent, will be here next Friday evening and give one of their first class minstrel performances at the Reno Opera House. This company comes highly recommended by the press, and consists of 20 performers. They have a fine brass band, and will make a street parade during the day. The same troupe will perform during the week. Gwinato has a good time, eh?

The Riverside Club was organized last Saturday night. The club elected 35 members. The following named gentlemen were elected officers for the next three months: President, A. C. Bragg; Vice President, A. A. Evans; Secretary and Treasurer, Pierce Evans; Executive Committee, J. H. Kinkead, C. T. Bender, Pierce Evans, A. C. Bragg, A. A. Evans. The next meeting of the club will be held Monday evening, Oct. 8th.

**TO-NIGHT.**—Remember the excellent entertainment this evening, of Messrs. Alexander and Barnes. These gentlemen know how to entertain an audience first class. 50 cents admission. See local ad. for full particulars. The mental feast which they will give this evening at the Opera House, will far surpass their fine musical and eloquent performance given at the same hall last spring. Don't fail to witness a rare treat.

**TO WINNEMUCA.**—Jas. H. Borland and C. S. Varian left Reno last night for Winnemucca. To-night W. R. Chamberlain, Dave McFarland and others follow suit. We are glad that our citizens are showing such a spirit towards our neighbors. Humboldt is plucky and her enterprise should be encouraged. Bread cast upon the waters will come home to roost.

**NEW MINISTER.**—Rev. A. Drahm fills the pulpit made vacant by the departure for the East of the Rev. C. H. Pope. Mr. Drahm begins his ministrations one week from next Sunday. He comes from Napa City, California, and brings a good name. If he gives good measure we'll take our drams at his church.

**FAREWELL.**—Rev. C. H. Pope, who has been pastor of the Congregational Church for several months past, preached his farewell sermon last evening. The text was most appropriate and was handled with rare ability. The church was crowded. The Reverend gentleman leaves for the East Thursday or Friday morning.

**SCOTT'S SOIRE.**—About thirty couples were in attendance at Scott's Soiree Saturday evening. The light fantastic was tripped, and bawling the miserable ventilation nothing interfered with the evening's pleasure.

Jottings.

A good opportunity is offered to a servant girl. See local, "wanted."

Eleven car loads of lumber from Truckee passed through to Lovelock last night. It will be used in the construction of a ditch to be immediately built by the Humboldt Irrigation and Development Co. This new water ditch is designed to irrigate some 10,000 acres of land in Churchill county.

We saw a fine piece of embossed glass work to-day. Mr. Laycock is the executor and will place it in the Fair. Who next?

The case of the State vs. Maggie Hart is heard to-day in the District Court. Boardman & Varian appear for the defense, Wm. Cain for the State. Maggie is accused of arson. The court room is well filled with spectators.

A cinnamon bear was brought into town this afternoon by a party of Virginia City hunters. It was killed at Last Chance, and was a very fair specimen.

Bishop Bowman preaches at the Methodist Church to-morrow evening.

The ladies of the Congregational Church give a social to-morrow evening at Mrs. Ayres' residence.

150 bars of Bonanza bullion will come down to-night from Virginia City, enroute to San Francisco. This is an unusual large shipment.

The weather to-day has been "horrid." A strong wind has blown fits and starts, and the dust has been almost unendurable.

Firemen's meeting this evening.

Muggins, Ballot Box, Pedro and other Reno horses are now in Winnemucca where they will try conclusions with ye Eastern flyer.

B. F. Bacon and family, of Boca, are in Reno.

Mr. Fagg, of Sierra Valley, called upon us lately and informed us that his neighbors will be in attendance at our Fair.

Sam Davis, the funny man of the Virginia Chronicle, and Mr. Theophilus Druery, the good-local local sharp of the Gold Hill News, were in town Saturday evening. Sam came to Steamboat, took his periodical bath and came to see his Reno girl. The News man we did not watch. Call again, gentlemen.

This is just the time to pay your printer. It is very humiliating to have to walk to the Fair ground.

We hear of several farmers who have applied for space. "We'll take the colts up any way," say they, and that's right gents. Come along, every one of you.

Music, mirth, melody and song will be mingled in an agreeable manner at the Reno Opera House this evening. Those accomplished gentlemen, W. H. Barnes and Prof. J. J. UNRIVALLED SUCCESS

—OF—

Brummer's Insect Powder.

**MR. BARNES IS ALMOST IN DAILY** receipt of letters and orders which speak in the highest terms of the efficacy of his wonderful enemy of bed bugs and other troublesome insects. This morning he received a copy of the Milwaukee Times, containing the following notice:

**SURE DEATH.**—Mr. W. F. Brummer has a fortune in his patent powder for insects, bugs, and vermin of all kinds. His powder will relieve a bed or lounge of bugs in ten minutes, and the worst infested room can be cleaned with one application. The powder is not of a poisonous nature, and is safely handled by a child. Its effect on bedbugs is perfectly miraculous and its destructive powers truly wonderful. This powder is the only genuine bug destroyer known, and among the many imitations it has taken a foremost rank. Mr. Brummer is shipping his powder all over the United States, and his wholesale trade is very large. This powder is the only article which could ever rid the jails of this city of the grey-back and vermin.
